To follow the guidelines of this resolution, the Board would have to act to reconstitute an ad hoc committee to disburse Social Justice Collection funds. At the time of this resolution establishing the Social Justice Collection (April 1996), the Social Justice Committee had no chair and was not functioning. In 1997-98, when the committee was re-established with Ginnie Vogts serving as chair, the Social Justice Committee assumed, with Board approval, the responsibility for allocating Social Justice Collection funds, and has continued in that role ever since. In any case, the ad hoc committee described in the resolution has not existed for the past seven years, and the Social Justice Committee would seem the appropriate body to administer the funds, given that its members are interested in, committed to, and knowledgeable about social justice issues and actions.
