

Come Fly With Me! Despite the COVID

Now more than ever we need our community. How can we safely donate to our bidders? Here are some ideas to get us started.

Services:

1. One-on-one or small group: meet outdoors, using masks, sanitizer.
2. Teach or demonstrate online using a video conferencing app.

Fellowship Activities:

1. Same as above.
2. Play alternative online games: Geoguesser, Jeopardy, charades, Pictionary, etc.
3. Check out this website for ideas.

Excursions:

1. Google the location. Almost every place on the planet has a YouTube video. Share on video conferencing app.
2. Go to the location and make your own video. Send the link to your donors.
3. Have photos of the place? Share them online.

Meals & More:

1. Demonstrate meal prep with video conferencing. Send recipes to donors.
2. Prepare the meal and eat outdoors, in a park with social distancing.
3. Bidders pick up meals that you have prepared, and you eat together via video conferencing.

Video Conferencing:

- Most of you have been on Zoom or another video-conferencing app.
- There are members of the Church Community who have Zoom accounts they will let you use.
- Google Hangouts is free and has most of the same features as Zoom.
- You can create a meeting link on Skype.

Stay safe and have fun!
