

A values based budget

Your donations support our life changing ministries, including social justice initiatives, programs for children & youth, adult educational programs and the wonderful ministers & staff here at First UU.

- Worship
- Children/Youth
- Justice Work
- Caring Community
- Adult RE

Administration, dues, salaries and facility costs allocated across mission segments. All amounts approximate for FY2023-2024.

Our anticipated operating budget for FY2024 is \$976,000. **Direct contributions from members and friends provide 85% of the total.** We'd like to have full participation in this year's fund drive by April 30th, so please make your financial commitment with a new or renewed pledge today.

We strive to be open and transparent about our finances, operations, and programs. We want our members and friends to understand that all money pledged makes the work of this church possible.

Making a pledge...

Member pledges are the foundation of our financial health. We hope you will receive this as an invitation to consider your financial commitment with an annual pledge to First Unitarian Universalist Church.

As you are able, please consider an increased donation, during this time of transition and opportunity as we Reclaim, Restore & Reimagine!

Moving forward

Ready to move forward, we are not alone in our struggles. The Unitarian Universalist Association (UUA) has reached out with support and has designated us as a Special Care Congregation and will help guide us through this transformative process.

We are in the process of hiring a transitional minister to assist during this new chapter for First UU!
